MICRO TOUCH MAGIC™ INSTRUCTIONS

Thank you for the purchase of your new Micro Touch Magic™ hair trimmer. We are sure you will be completely satisfied with your purchase.

DIRECTIONS FOR USE:

Note: Prior to first use, test the trimmer on a small area of your arm or leg. If any sensitivity or allergic reaction occurs, discontinue use immediately. Do not use your trimmer on sensitive or irritated skin.

1. Remove the protective cover and slide the power switch up to the "ON" position for the trimmer only. Slide the power switch up to the "LIGHT" position for the trimmer and light features (Illustration 1).

2. Hold the trimmer at a 45 degree angle to your face and trim in the opposite direction of your hair growth (Illustration 2).

3. Continue to trim in the opposite direction of your hair growth (Illustration 3). Do not apply excess pressure. Doing so may result in injury to the skin and damage to the trimmer head.

4. For the cleanest hair removal possible, pull your skin firmly with one hand while trimming (Illustration 4).

WARNING:

• Keep out of reach of children.
• Avoid direct eye exposure.
• Do not look directly into light during use.

USING THE COMB ATTACHMENT:

Included with your trimmer is a 2-sided comb attachment for trimming eyebrows and mustaches. The short side of the comb is for trimming shorter eyebrow/mustache hairs. The long side of the comb is for trimming longer eyebrow/mustache hairs.

1. Make sure the trimmer is turned off.

2. Slide the appropriate side of the comb attachment onto the trimmer head (Illustration 5). Be sure to align the grooves on the attachment with the grooves on the trimmer head.

3. The teeth side of the comb to be used must be facing in the
same direction as the blade of the trimmer.

4. To remove the comb, turn the power off and simply slide the comb off.

**INSERTING/REPLACING THE BATTERY:**
For your convenience, 1 "AAA" battery has been included with this trimmer.

1. Make sure the power switch is in the off position. Slide the protective battery cover off (Illustration 6).

2. Remove old battery and insert a new alkaline battery. Be sure the battery is properly aligned (Illustration 7).

3. Slide the protective battery cover back onto the unit.

**Note:** To avoid damage to your trimmer, ensure that the battery is inserted in the proper direction indicated by the +/- signs. If your trimmer will not be used for a long period of time, remove the battery from the unit.

**CARE AND MAINTENANCE:**
Water will cause damage to your trimmer. Do not use trimmer in a damp room or near water. When not in use, make sure the trimmer is turned off.

**CLEANING TRIMMER/BLADE REPLACEMENT:**
1. Turn the trimmer off and remove the battery. (See step 1 of “Inserting/Replacing The Battery.”)

2. Slide the release button down to open the trimmer head (see Illustration 8).

3. Carefully take head apart and remove the trimming blade (Illustration 9).

4. **(Note: Skip this step if replacing blade.)** Using the enclosed brush, gently wipe away any hair or dust (Illustration 10). The removable comb attachment may be washed, but ensure it is thoroughly dry before reuse.

5. Place the cleaned blade/ replacement blade in the trimmer and close the trimmer head.

6. Slide the release button up to resecure the trimmer head. Replace battery. (See steps 2 & 3 of “Inserting/Replacing The Battery.”)

7. Be sure to replace the protective cover when storing the trimmer.
