

# *Pedi Genie*

**English** Congratulations on your purchase of Pedi Genie, the perfect ally for soft, beautiful feet. With Pedi Genie, eliminating calluses and dry skin on your feet in the comfort of your home is fast and easy.

## **IMPORTANT**

- Only use Pedi Genie on clean, dry skin without applying any kind of moisturizer.
- DO NOT use Pedi Genie if you have diabetes or poor blood circulation.
- DO NOT use Pedi Genie on open sores or swollen skin.
- Make sure that Pedi Genie is clean and dry before using.
- DO NOT use Pedi Genie if the stain[ess-steel] parts show signs of rust or deterioration, as this may cause injury.
- Only use Pedi Genie on the parts of your feet with calluses and dry skin. Do not use it on areas without callused skin.
- Consult your doctor if your skin bleeds or shows signs of severe irritation.
- Pedi Genie is a product designed for personal use only. It should not be shared with others.
- Read all the instructions carefully before using Pedi Genie.

## **CONTENTS**

### PHOTO 1

- A. Top cover
- B. Surgical-quality stainless-steel scraper
- C. Compartment for shavings
- D. 2 self-adhesive files

## **ASSEMBLING AND USING YOUR PEDI GENIE**

1. Remove the top cover by turning it to the left.

### PHOTO 2

2. Hold the stainless-steel scraper with the shavings compartment and gently move the scraper over the area you want to treat. Bear in mind that the device must be held with the scraper holes in the right direction for it to work. The plastic around the stainless steel scraper is curved to ensure it is held correctly. The stainless steel scraper will not work correctly if it is not moved in the right direction. Do not move the scraper in a circle or from side to side.

### PHOTO 3

**IMPORTANT:** Check the results obtained with the Pedi Genie often. Stop using Pedi Genie once new, soft skin appears. Stop using Pedi Genie if you feel any pain or see signs of skin irritation.

3. At the end of treatment, remove the stainless steel scraper by turning it to the left and empty the shaving compartment.

### PHOTO 4

## **USING THE FILES**

Use the file for an even softer finish.

1. Remove the adhesive backing from the file and stick the file to the back of the shavings compartment.

### PHOTO 5

2. Move the file over the area you want to treat. Avoid excessive use of the file, as this may cause irritation.

## **CLEANING AND MAINTENANCE**

Wash the ergonomic cover and stainless-steel scraper with lukewarm, soapy water after each use. Rinse and dry all the components. Do not leave the components to air dry. Dry them with a soft cloth.

Clean the file holder with a soft cloth.

To store your Pedi Genie, simply attach the stainless-steel scraper to the ergonomic cover and place the file holder on top of the scraper.

For reasons of hygiene, this product cannot be returned after it has been opened and removed from the package.
